

TECH DOME PENANG
INSPIRING THE FUTURE

STEM Nurturing Intensified Program – SNIP

This is a special pilot program to promote STEM to a selected group of students. A spin-off from Women in Science, WiZ program. Students will need to apply and meet certain criteria in order to participate. For a start, only 40 places are allocated each for the senior and junior group. The number is expected to grow year-on-year.

Purpose: A development program to motivate students and keep their interest in Science

Kick-Start Date: 9, April, 2019

Collaboration Effort: Tech Dome and PWDC

Criteria for entry

1. Must be girls
2. Ages between 10 to 15. Those in 10 to 12 will be in the junior group and 13 to 15 years will be in the senior group.
3. Submit the following:
 - a. Application form
 - b. An essay on ANY topic related to STEM of not more than 300 words. It can be in BM or English
 - c. The latest test scores of all your science and mathematics related subjects
4. Pass a short interview

Privileges

1. Free Entry to Tech Dome during active membership in program.
2. Sponsored to selected Tech Dome workshops or trips overseas or locally.
3. Sponsored educational trips – universities, science camps, etc
4. Visit to technology industry sites
5. Contact sessions with scientists and technologists
6. Yearly gathering with WIZ Team.
7. Participate in Tech Dome's student exchange program with students from overseas.
8. Participate in related program either organized by PWDC or invited through PWDC
9. Assigned mentors from industry.

We expect to expand the list of privileges with time.

TECH DOME PENANG
INSPIRING THE FUTURE

Commitment

1. Submit their science test scores or their final exam – average 70 marks to retain membership.
2. For senior group - perform minimum 5 days of volunteer work at Tech Dome or PWDC every year.
3. Do 1 essay every year on a STEM related topic to submit to Tech Dome.
4. Communicate with their mentors by phone or email minimum 3 times a year.
